

# PETRONASH NEWSLETTER

### Message from MD:

The test of a great company is whether it has the ability to constantly manage continued growth and its diversity. It's a challenge that we at Petronash embrace, because we recognize that there's always a bigger picture, a longer time horizon and a broader world in which we operate.

From our core business of manufacturing skids and panels, to delivery of our first modular skids, to strategic decision making to get into EPC business, we are guided by Performance with Purpose. It's more than a vision statement. It's our passion to reach greater heights. 2014 is going to be a great year. We have a lot to look forward to in 2014 and beyond. I am hoping that we will soon reach our ambitious goal. After all, hard work always pays.

## PETRONASH AMERICAS LLC

'Petronash Americas LLC', the most recent business venture of Petronash group is now open for business. In the year 2012, Petronash had acquired more than six acres of land and a 40,000-square foot industrial building in Sugar Land, Texas. An additional 20,000-square foot assembly and testing building was completed in early 2014. The manufacturing facility is now fully set up and is ready to start manufacturing its first Chemical Injection Skids and Well Head Control Panels in September 2014. The manufacturing facility is located between National Oil Well Varco and Schlumberger in Sugar Land, Texas. This is the first venture for Petronash in the American Continents.

Petronash is pleased to announce that we have been awarded with our first projects to be fully executed in our U.S. Facility. Universal Pegasus/Phillips 66 has awarded Petronash with the contract to manufacture Chemical Injection Skids to be delivered to the local Phillips 66 Plant in Texas, USA. Petronash Americas has also been awarded new contracts to engineer Wellhead Control Panels .

## PETRONASH TO ENGINEER GAS MODULAR SKIDS FOR KHUFF GAS FIELD IN SAUDI ARABIA

Petronash was awarded a contract by Saudi Aramco to engineer and build 18 Numbers of Gas Modular Skids for Wellhead Tie-In applications for their Khuff Gas field. Earlier, two prototypes of these unique systems for Oil and Gas wells were developed by Petronash and were successfully commissioned at Aramco sites.

Gas Modular Skids are integrated packages consisting of Inconel 625 clad flow-line with Choke Valve, HIPPS system, Shut off Valve, Flow Meter, Chemical Injection System, Wellhead Control Panel, PLC & RTU systems, Communications, Fire & Gas, UPS, Blower etc. The entire unit is designed for 10,000 PSI, SIL3 and Zone-1.

**NEW CORPORATE OFFICE INAUGURATION AND FLAG HOISTING CEREMONY**

The new Petronash Corporate office was officially inaugurated by Petronash Chairman, Mr. Nasser Sulaiman Al Haider on June 12, 2014. Also Present at the ceremony was Mr. U.M.Rao, Managing Director of Petronash along with the management team, senior officials and staff members.

A flag hoisting ceremony was also held at the same time at Petronash campus in the presence of all Petronash employees to commemorate the event.

**Inter-company Games and Competitions for 2014**

The Petronash Inter-company games and competitions for the year 2014 is currently underway. All staff members have been divided equally into four teams and will compete against each other in various sports and games such as Cricket, Volleyball, Badminton, Table Tennis, Chess, Snooker, Carroms etc.

**VICTORY GARDEN @PETRONASH**

The workers gardens at Petronash FZE, Dubai headquarters are eating up the lawns and sprouting new sections. Fruit trees including mango and lime were planted on the boundary of warehouse and assembly bay a year ago. They have now grown and have started giving fruits.

Seeing this, our employees initiated a proposal to extend the garden into the neighboring free and unused space within the campus.

The management team at Petronash has graciously accepted this and now we have a beautiful garden with fruits and vegetables such as Tomato, Lime, Ladies Finger, Sweet Melon, Bitter Gourd, Onion, Mango and Chilly. This seasons new plantations are Capsicum, Eggplant, Coconut, Sugar-cane, Coriander, Corn and Flowers..

**New Members @ Petronash**

**Petronash Americas**

- Timothy Bailey - Operations Manager
- John Bidinger - QA/QC Manager
- Josh Forehand - Warehouse Manager
- Gerardo Morales - Accounting Manager
- Taylor Smith - Project Engineer
- Carol Cheng - Project Engineer
- Lawrence Goings - QA/QC Inspector
- Daniel Curtis - Production Supervisor
- Robert Kelly - Assembly and Testing Foreman
- Terica Starr - Administrative Assistant

**Petronash Engineering Services, Chennai**

- Sivagnanam - Sr. Project Engineer - CIS
- Solomon Frederick - Project Engineer - CIS
- Uresh Kumar - Engineer - E & I
- Syed Abdul Khader - Engineer - E&I
- Nandakumar - Engineer - SCM
- Raja - Engineer - SCM
- Gowrishankar - Engineer - QA/QC
- Sethulakshmanan - Engineer - Services
- Latha - Structural Engineer
- Mohanraj - Sr. Engineer- Product Development
- Ranganathan - Engineer - Product Development

**Petronash, Dubai**

- Siva Thiruvengadam - QA/QC Engineer

**PETRONASH FZE**

**CORPORATE HEAD-QUARTERS**
